1.5 To view & add the Market watch, Order Book, Trade Book etc window in main screen, click on the given menu. User can have maximum 9 windows to view on screen.

### Market watch group settings:

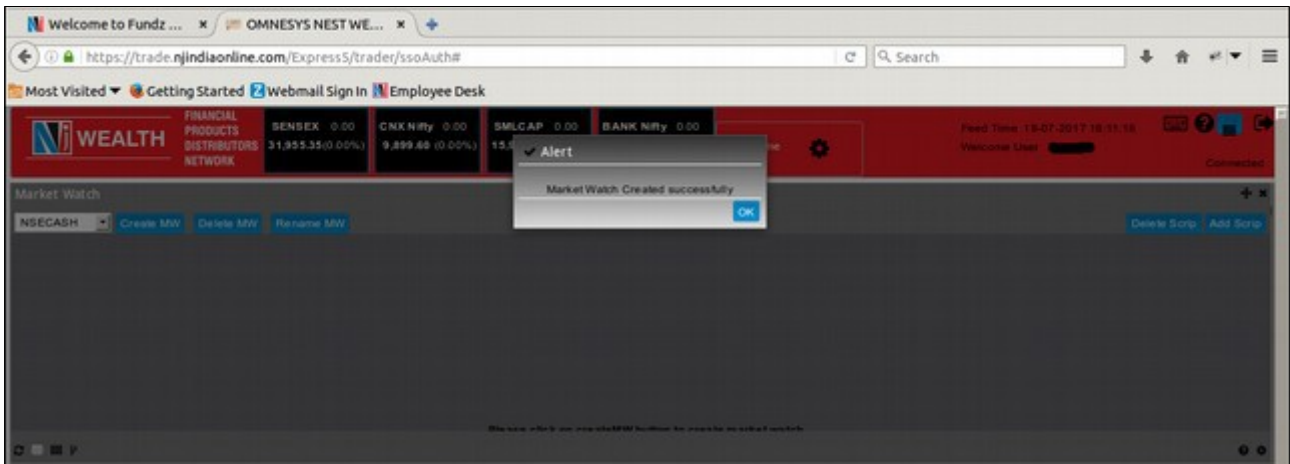

#### Create Market Watch & to add Scrips

This option allows user to configure their desired scrips in the Market watch. For accessing the Market Watch window, the user has to click on the create market watch → enter the Market Watch name. Then select the exchange and select the Group – Here if group is selected as “ALL” then Scrip is mandatory to enter for Market watch.

This option allows the user to add scrips in the market watch. User has to select the desired exchange and enter first three letters of scrip and then select the appropriate symbol which needs to be added in the market watch.

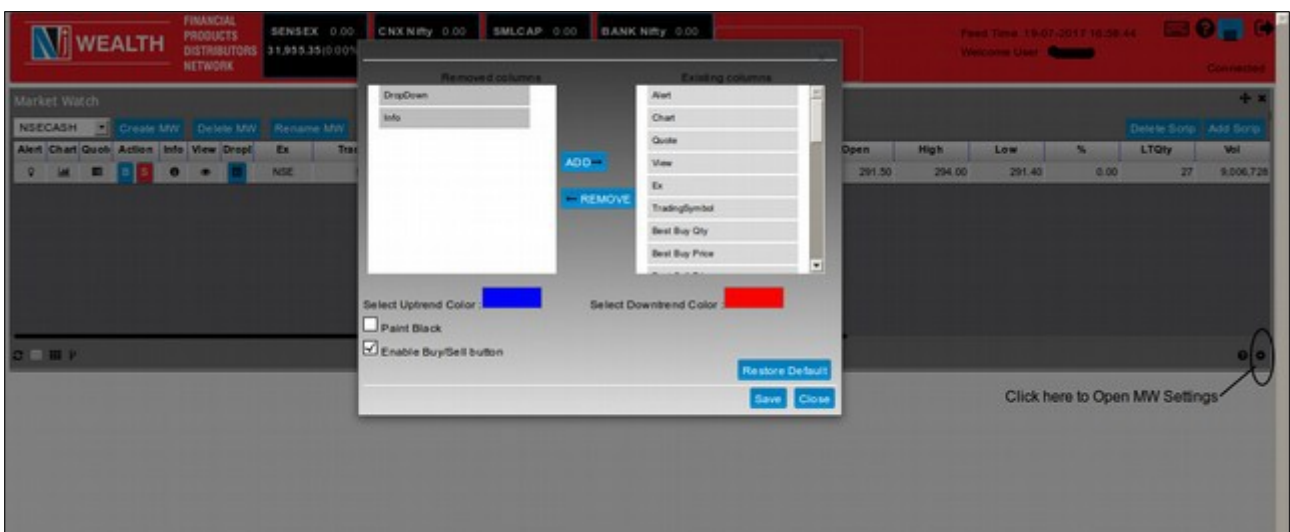

On selecting the symbol, it will be added in Market Watch and a alert message will be displayed as given in the below screen shot.

If User wishes to delete the scrip than select the scrips and click on the “Delete Scrip” button. To delete the existing Market Watch, User have to delete all the scrips from Market watch list first and after that on clicking “Delete MW” button will delete the current Market Watch.

### Market watch Settings

This option allows the user to re-arrange or hide the columns as per user choice. If the user wants to view the particular field in the market watch which is hidden then the user needs to ADD that field in non-hidden columns. Even if user wants to hide the particular field user can REMOVE that field from non-hidden columns to hidden columns. In the Market watch window, the following details are provided and updated on a real time basis.

## Index view:

User can add and view the value of any selected benchmark index. Clicks on Index and a drop down menu will open to select the Index or User can add minimum 3 characters in the text box to search the desired index.

User is allowed to add maximum 4 indices on the screen.

Alert	Chart	Quote	Action	Info	View	Drop	Ex	Trading Symbol	Best Buy Qty	Best Buy Price	Best Sell Price	Best Sell Qty	Close	Open	High	Low	%	LTQty	Vol
							NSE	SBIN-EQ	2,828	292.45	292.55	711	293.30	293.00	294.25	292.10	-0.31	322	1,888,562
